

## Anesthesia Technician wanted:

Columbia River Veterinary Specialists is seeking a **Full Time Certified Veterinary Technician Specialist in Anesthesia** to become an integral part of our compassionate team of Emergency & Critical Care, Surgery, Internal Medicine, Ophthalmology and Cardiology specialists in Vancouver, Washington.

Our priority is patient and client care. We treat clients as close family friends and their pets as our very own. We have an enthusiastic team of dedicated professionals with a passion for care. Our employees pride themselves on making our company a great place to work by focusing on teamwork and cultivating a collaborative work environment. Managers, Doctors, Support Staff all work together at CRVS to provide comprehensive care for our patients and clients.

We have a solid reputation with our clients as well as the surrounding referring veterinary community, which we have been serving for over 30 years. We are expanding our services to meet the demands of our referral community. Our advanced diagnostics and treatment technologies are ready to assist you in providing patients the very best in specialty care.

We are located in the Pacific Northwest, known for its scenic beauty, outdoor activities and mild climate. Our insistence on a strong work/life balance will insure our employees have plenty of time off to enjoy the coastline, mountain regions and remote high-desert country. The Olympic National Park, San Juan Islands and Columbia River Gorge are all within driving distance.

We are looking for a candidate that possesses VTS (anesthesia) certification and is capable of performing all aspects of veterinary anesthesia such as creating and implementing anesthetic protocols with veterinary oversight, anesthetic monitoring, and peri-operative pain management. Applicants actively pursuing their VTS in anesthesia should apply also.

We offer a competitive compensation and benefits package.

Interested candidates should contact:
