

Anesthesia Technician

Veterinary Teaching Hospital

North Carolina State University

The College of Veterinary Medicine at NC State University is currently seeking an Anesthesia Technician for their Veterinary Teaching Hospital. Incumbent will be responsible for the complete anesthesia process of all patients coming to the Veterinary Teaching Hospital for any procedures requiring anesthesia (this includes large, small and exotic animals). Will also teach and supervise veterinary students and maintain inventory controls for unit. Will serve as emergency on call anesthetist and orients students to area every two weeks. Maintains and cleans equipment.

Qualifications Include:

- Registered/Licensed/Certified Veterinary Technician by any state (or eligible to be registered in NC).
- Previous anesthesia experience including experience calculating drug dosages based on patient body weight.
- General computer knowledge.
- Three years of related veterinary work experience preferred.
