

[VCA Veterinary Specialty Center](#) is currently looking for an experienced,

**Licensed Veterinary Technicians  
to join our Surgery & Internal Medicine Departments**

We are a multi-specialty hospital that includes 24-hour emergency/critical care, neurology, surgery, internal medicine, cardiology, oncology and radiology. We pride ourselves on providing cutting-edge, progressive and compassionate medical care and client service. We are the only specialty practice north of UC Davis, to offer hemodialysis. VSC is very fortunate to have on-site MRI, CT, Fluoroscopy, Endoscopy, Ultrasound and much more.

The surgery department manages a wide variety of soft tissue and orthopedic cases. The **surgery technician** will be responsible for seeing appointments with the doctor, performing venipuncture, taking radiographs, placing IVCs, inducing, maintaining and recovering surgical patients, cleaning and wrapping surgical packs and other duties associated with a full-service surgical department. A full job description can be discussed at the time of interview.

The **internal medicine technician** will be responsible to work with the other departments to coordinate care for the patient, interact directly with clients, by checking in appointments and discharges. Provide support by performing venipuncture, blood transfusions, anesthesia monitoring and assist in procedures performed by the internist including, but not limited to – radiology tasks with digital X-ray, fluoroscopy, CT, and endoscopies. A full job description can be discussed at the time of the interview.

To apply you must have a current WA state license, or be immediately license eligible, as well as have a minimum of 1 yr recent experience working in a veterinary hospital setting. The right candidate will possess strong anesthetic skills, excellent communication and client service skills, a positive attitude, and an ongoing desire to learn and excel in a specialty hospital environment.

Our surgeons work Mon. – Fri. and are on call Sat. /Sun., so we require a technician who can work 4-10+ hours a day, including being on call at least one weekend a month.

Our internists currently work Monday through Saturday. Applicant must be flexible in working 4- 10+ hours a day currently needing Wed. – Sat. coverage.

If this sounds like an exciting opportunity for you, please send a cover letter and resume in WORD format only, to [teresa.johnson@vcahospitals.com](mailto:teresa.johnson@vcahospitals.com).
